

Gary Winegar

Science Teacher, Advisor

Meet Gary Winegar— West Ridge Academy teacher of Science.

Gary Winegar is the Science teacher at West Ridge Academy. He attended several Utah colleges and universities and earned his Bachelor of Science degree in Biology at Southern Utah University. He has also been a certified teacher in secondary education since 2000.

Gary comes from a small town in central Utah where he enjoyed participating in a variety of school sports and activities.

He loves being a father; being involved in family activities; and being surrounded by his family members.

When he's not teaching *and* learning with his students, Gary enjoys spending time golfing, tinkering in the yard and working on jigsaw puzzles.
