

Aubree Mordicai

Teacher of Elementary
and Middle School

Meet Aubree Mordicai— West Ridge Academy Teacher of Elementary and Middle School.

Aubree Mordecai has lived from the east coast to the west coast and places in between. She also lived in Japan for a time. That's right, her dad was a Naval officer and took the family everywhere.

Aubree graduated from Brigham Young University in Provo, Utah and earned her Bachelor of Science degree in Psychology. She married and continued on with her education earning her Master of Arts in Teaching Social Sciences from Western Governor's University.

She has worked in the education field for four years, with West Ridge Academy being her first full-time teaching position. Aubree says that it has been exciting, but even more exciting is the chance to apply both of her degrees in the same setting.

Aubree is happily married to an artist and together they have two children (a boy and a girl) and a dog. Music is huge in her life and she loves to dance and sing with her kids. Otherwise, she's usually watching a Disney movie or reading a book (The Count of Monte Cristo is her favorite). She also loves to learn about lesser-known historical facts and figures.
