

Lynn Smith
Admissions Specialist

Meet Lynn Smith— West Ridge Academy Admissions Specialist.

Lynn Smith came to West Ridge Academy after many years of experience in customer service—and after having placed her own son in the program. She has experienced it all. She understands the heartache of not being able to help her son, and to being able to rely on professionals for the help her family needed.

As an Admission's Specialist she has been able to see many troubled teens enter into the West Ridge program so angry and defeated and then see them change. The light coming back into their eyes is one of her greatest joys. She loves her relationships with the parents, again because she knows how it feels to be in their position.

Lynn loves yard sales, gardening and most of all family time with her husband, ten children and their families.
